

Thank you so much for your purchase of this vinyl decal!

If you are new to applying Vinyl decals, have a look at the instructions listed below.

How to Apply a Small Sticker or Decal

Step 1

Clean the area of placement thoroughly with water. Do not use Windex or similar products because it will leave a residue behind that will prevent the sticker from adhering well.

Step 2

Prepare the sticker for application by firmly rubbing a squeegee or credit card across the clear transfer tape. This removes any air bubbles that may have formed and makes the sticker cling to the transfer tape.

Step 3

Peel the white paper backing off the sticker. If the sticker clings to the backing, slowly replace the paper backing and repeat Step 2.

Step 4

Slowly lower the sticker onto the surface and rub it in place firmly with a squeegee or credit card.

Step 5

Slowly peel the clear transfer tape off at an angle. Be careful not to pull the sticker off the surface. If sticker pulls away from the surface repeat Step 4.

I look forward on hearing your feedback!
